GENERAL TERMS OF WARRANTY

1. The warranty covers the product described in detail in the warranty card.
2. The Warrantor provides the warranty for the above mentioned product for months from the date of sale.
3. During the warranty period, the Warrantor shall remove any physical defect of the sold product, free of charge, if such a defect is detected during the warranty period indicated in point 2.
4. The following is not covered by the warranty:
 - damage resulting from improper handling of the product,
 - damage caused after the product was issued to the Purchaser, for reasons beyond the control of the Warrantor, particularly due to the random events, force majeure or actions of persons over whom the Warrantor has no control.
 - mechanical damage caused during unloading, installation and startup of the product,
 - damage caused by any changes, modifications and repairs of the product made outside the Warrantor's service,
 - damage caused after the defect was detected and was not reported to the Warrantor, making further damage to the product,
 - damage caused while using the product together with other defective or damaged device.
5. In justified cases, the Warrantor may require sending the defective product to the indicated address.
6. The warranty rights may be exercised only upon presentation of a valid warranty card.
7. The Warrantor shall not be liable for any damages caused while the product is out of operation from the time of detecting the fault or defect until the time of their removal, as well as indirect or consequential damages, including lost benefits caused by the defect of the product.
